

QHSE POLICY

MATRIX Freight Forwarding and Trading Company shall execute sustainable quality work at all times, ensuring that all activities meet and exceed client and quality requirements, at the same time ensure the health and safety of all concerned, while also upholding our commitments to protect and preserve the environment in compliance with the Federal & Local Legalization, self-regulation concerning QHSE standards, ISO 9001, ISO 14001 & OHSAS 18001 and "Abu Dhabi QHSEMS."

We are committed to:

- Comply with the requirements of the QHSE management system and to continually improve its effectiveness and performance through internal/ external audits, setting objectives & targets and periodic reviews.
- Comply with all the applicable legal and other requirements concerned with QHSE as well as the relevant contractual requirements of our customers.
- Prevent pollution, effectively manage chemical and toxic materials, and other waste and continually improve our environmental performance by implementing proven technologies that are economically sound.
- Identify hazards, assess the risk and determine controls in areas of work to prevent injuries and ill health, and continually improve in QHSE Management System & performance.
- Progressively reduce the environmental and health impacts of its operations by reducing emissions, effluents/ discharges and wastes and improve efficient use of natural resources and energy.
- Provide awareness and training for our employees to ensure they are professionally capable and to impart to them an understanding of customer satisfaction, occupational health & safety and protection of the Environment.
- The Company Management is committed to the proactive integration of QHSE objectives into our system at all levels, consistently implemented on all projects and regularly reviewed to reflect Client and MATRIX requirements.
